

World of Aviation and Aviation-Focused Opportunities

“There’s a Place for You in Aviation”

Flabob Airport Air Academy 2024

www.flabob.org

The Tom Wathen Center uses the fascination of flight to inspire the love of learning...

Bring the World of Aviation and aviation-focused opportunities to students 14 through 17 years of age.

This academic program with hands on activities could include:

- True life pilot stories
- Prepare for Flight taught from an Aviator's perspective
- Fundamentals of Flight including building a part of an airplane wing
- Building and flying a FPG-9, Rocket or Parachute
- Lunch from the Historic Flabob Café

As many people in aviation are reaching retirement age, aviation careers are becoming available.

During the program, volunteer instructors present topics ranging from aerodynamics, to aeromedical considerations, remote piloted aircraft and aerobatic flying. For each class, the instructors spend some time discussing how aviation has inspired them and influenced their careers.

SPACE IS LIMITED TO THE 1st 25 STUDENTS - SCHEDULE NOW
